## Approach and Policy Regarding Reduction of Minimum Investment Unit

### 1. Approach to reduction of minimum investment unit

SWCC Corporation (the “Company”) understands that reducing the minimum investment unit is an effective measure for energizing the stock market, for instance by expanding the investor demographic and improving liquidity.

### 2. Policy for reduction of minimum investment unit

Regarding the reduction of its investment unit, the Company will comprehensively consider the price of its shares, stock market trends, the composition of its shareholders and other factors, and will continue to carefully discuss the matter.

At present, the Company has yet to make a decision to conduct any stock splits or any other specific measures and has not made a decision on the timing for any such measures.
